

Delayed Money Bill Is Entirely Up to Senate

By JOE HALL

WASHINGTON (AP) — The House confronted the Senate with a take-it-or-leave-it proposition today on a long-delayed money bill which is typing up old age assistance funds for May and June.

The Senate Appropriations Committee was expected to be summoned hurriedly during the day to decide how to deal with a surprise House move in the bitter dispute.

Sen. Knowland of California, the Republican leader, said he thought the Senate still would seek some changes in the House proposal, although Chairman Cannon (D-Mo.) of the House Appropriations Committee indicated it was the House's last word on the subject before a 10-day Easter recess scheduled to start tomorrow.

Leaders in both branches predicted that some measure carrying most of the long-stalled funds would be sent to President Eisenhower before any congressional vacation begins.

These sources said few senators or representatives would want to go home and face irate needy persons threatened with loss of their monthly assistance checks.

The bill carries 275 million dollars to pay the federal share of the public assistance grants in May and June. These included not only payments to needy old persons, but also to dependent children, needy blind and disabled persons.

Group Works on Dulles' New Aid Program

By JACK BELL

WASHINGTON (AP) — A special Senate committee began preliminary work today on a report expected to endorse the broad outlines of Secretary of State Dulles' new look foreign aid program.

I may be critical, however, of the manner in which past programs have been carried out by the International Cooperation Administration.

Senators H. Alexander Smith (R-NJ) and Sparkman (D-Ala.) said in a separate interview they expect the group to support Dulles' proposal for creation of a revolving fund to make easy-term loans to underdeveloped countries.

The two senators said they believe a majority of the special foreign aid survey group, made up of members of the Foreign Relations and Armed Services committees, also will favor transfer of foreign military assistance to the Defense Department budget.

However, Sen. Bridges (R-NJ) said he will oppose any such transfer as an effort to "disguise foreign military aid by shifting it to a place where it would be more popular." His opposition indicated a split is likely among Republicans on this issue.

Postal Service Will Return to Normal

By JACK ADAMS

WASHINGTON (AP) — With 41 million dollars of additional funds in the till, the Post Office Department today started returning postal service to a close-to-normal basis.

Postmaster General Summerfield last night called off most of the cutbacks ordered 11 days ago. He acted within minutes after President Eisenhower signed a supplemental appropriation bill rushed through Congress in the last two days.

Summerfield said that "within 24 hours mail services will be back to nearly the same basis as it was" prior to the retrenchment order of April 5.

That means post office windows will be open as usual next Saturday, and there will be the customary residential deliveries and corner box pickups that day. Also canceled were plans for suspending third class service, except for medical items, and for stopping issuance of money orders in larger cities.

Millwood Meet to Draw Many Hope Delegates

Wet Weather Is Predicted

By The Associated Press

Wet weather, mostly showers, widespread precipitation and cloudy skies.

Mild weather prevailed in most areas. Warming continued in the eastern part of the country from the Great Lakes region to Texas and eastward to the Atlantic Coast.

Temperatures ranged from near 40 in the extreme north to the 60s in the Gulf Coast states. The southerly winds has warmed the area also brought moisture from the Gulf, spreading light showers and drizzle from eastern Kansas and Oklahoma eastward through the middle Mississippi and Ohio valleys and into New York and most of Pennsylvania.

While precipitation was light in most areas, moderate amounts were reported in scattered thunderstorms from southern Iowa southward through Louisiana and Mississippi.

Sewage Tax Official After Council Action

Last night Hope City Council passed an ordinance which officially set up a citywide sewage maintenance tax, effective May 1. The fee is based on the amount of water used.

The group also heard a report from Harvey Barr, chairman of the newly created Cemetery Association. The group appears to be meeting with good response from persons who have loved ones buried in Rose Hill Cemetery.

Contributions for upkeep of the Cemetery are asked by the committee which was made permanent last night by the Council.

In other action the Council voted to credit the Police Department with all fines collected for parking meter violations.

A letter from the Arkansas Rating Bureau cited the need for an overhead water tank and a new fire truck in order for the city to maintain its present insurance rate.

Several other matters were discussed but no action taken.

Deadline for Entering 'Road-E-O'

The Jaycee sponsored Teen-Age Road-E-O, with entry deadline today, has already drawn many fine young drivers, who will be competing for the chance to prove they are the states' best drivers, and to represent Hope in the Road-E-O Finals at Crossett, in May.

Two divisions, Boys and Girls, will finish the Road-E-O Sunday April 28th at 1 p. m. at the Airport. Various trophies will be awarded the local winners of both divisions.

The Jaycee Teen-Age Road-E-O is possible in Hope this year through foresightedness and generosity of the donations of Roy Anderson, Leonard Ellis, Greening, and Liebling insurance agencies; E. E. Davis Olds, Hefner & Gaines Motors, Hemstead Motor Company, Nunn-McDowell Motor Company, Sid Rogers Buick, Tol-E-Text, the Trading Post, and Young Chevrolet. Their help and support is very sincerely appreciated.

The public is invited to attend the final phase of the Road-E-O, the performance tests, on April 28th.

Diamonds Good Friend to Girls, Pawnbrokers

By HAL BOYLE

NEW YORK (AP) — If a diamond is a girl's best friend, a pawnbroker's best friend is that same girl — after she gets the diamond.

"Sixty per cent of our clients are women," said Lou Modell, who is known as "the pawnbroker's pawnbroker" and operates the nation's top individually owned hook shop.

"Why? Because women are notorious for being able to spend more money accidentally than men can on purpose."

"Many rich women—even those with an income of \$50,000 or more a year—will hack a piece of jewelry for \$20,000, then take the \$20,000 and go out and buy another piece of jewelry with it."

First American Ship Is Moving Through Suez

By WALTER LOGAN

H. U. P. Staff Correspondent

The first American ship into the Suez Canal since it was blocked five months ago entered the waterway from Port Said at its northern end today.

The vessel was the 33,704-ton tanker George F. Getty, which was flying the Panamanian flag but which is owned by Mathinsens Industries, Inc., of Philadelphia, Pa.

The State Department in Washington has cautioned U. S. vessels against entering the Suez until some agreement on tolls and operation has been reached. However, the United States has no power to bar American ships from using the waterway.

Direct talks between U. S. and Egyptian officials in Cairo about future operation of the Suez thus far have failed to bring any agreement. Officials in Cairo said the U. S. has informed Egypt it plans to report on the stalled negotiations to the U. N. Security Council, perhaps today.

Meanwhile, Israeli security forces accused Egypt of instigating new Arab guerrilla attacks from Jordan, Syria and Lebanon. They charged these attacks were designed to complicate the situation in Jordan, where King Hussein has won a precarious political victory over pro-Soviet and pro-Egyptian elements.

Higher Auto Insurance in Arkansas

LITTLE ROCK (AP) — Most Arkansas motorists started paying higher automobile insurance premiums today.

Rate revisions, approved last month by the Arkansas Insurance Commission, go into effect today. The increases reflect a higher accident rate and greater cost per accident. Automobile insurance rates are based on accident statistics.

Unmarried men under 25 will be hardest hit by the new rates. They'll pay an average of \$37 a year more for liability coverage and 30 per cent more for collision protection.

Liability increases in other groups range from \$2 to \$10. Own-ers qualifying for farmer rates still receive a 20 per cent discount from normal liability rates.

Comprehensive insurance—covering fire, theft, weather damage and glass breakage—will cost about \$3 more per year but owners can save up to 40 per cent by buying this coverage on a \$50 deductible basis.

Old rates on \$50 deductible collision insurance remain in effect except for unmarried males under 25.

Only one group of owners will get an insurance reduction this year—those carrying \$100 deductible. Premiums will be reduced about five per cent.

Grinning Ike Takes Panning From Brother

WASHINGTON (AP) — President Eisenhower said today that ever since he was 5 years old his brother Edgar has been criticizing him.

He gave that reply—with a broad smile—when asked at his news conference about criticism of his budget voiced by Edgar Eisenhower, an attorney whose home is in Tacoma, Wash.

A reporter told the President that Edgar Eisenhower had said he thought perhaps Milton Eisenhower, another brother, and Sherman Adams, White House chief of staff, were exerting undue "liberal" influence on the President.

Smiling broadly, the President replied that Edgar had been criticizing him since he was 5 years old.

The President then shut off further discussion of the subject by speculating a reporter for another question.

Edgar Eisenhower had said earlier that while he does not "see eye to eye" with Sherman Adams, he is not concerned about the White House influence of Adams and automobile magnate Paul G. Hoffman.

"I'm not worried about anybody's influence on Dwight," he said. "He can take care of himself."

Survey Shows Manager Gives Workers Security

Advocates of the City Manager form of government said today that several interested citizens had asked questions as to just how city employees would fair under the new form of government.

It was pointed out that the Manager plan does not make a record for efficiency by skimming on jobs and salaries. On the contrary, a 1940 survey showed that city employees almost invariably gained in pay and security when the plan was established.

The Manager plan brings no wholesale dismissals. In most new manager cities there have been no dismissals at all during the first year. The majority has reported increased salaries and many special benefits.

Pension systems, sick leave, shorter working hours, and chances for supplementary training. When it is necessary to reduce the payroll, the manager usually does not fill vacancies.

City Managers know that the City gains by having many career men and women. Employees are hired according to ability and get promotions and raises on merit.

The manager considers it good business to eliminate any reasonable causes of dissatisfaction because a discontented worker will not give the best service.

In short, public employment acquires a new dignity and stability under the manager plan. The longer the plan is continued, the better the grade of new applicants for municipal jobs.

The best measure of administrative efficiency is unit cost of operation. If it cost \$5 to have a square yard of street one year and only \$2 the next year, the taxpayer is at last getting a break. City managers are constantly looking for ways to cut into costs.

Any estimate of the total sum saved for American taxpayers by the manager plan would be only a guess. Certainly the figure runs into the hundreds of millions. Cincinnati saved almost \$2,000,000 in its first two years. Dallas cut operating expenses about \$750,000 a year within a few months.

Slipshod methods of handling money cost the taxpayers countless millions in badly governed cities. Unwise borrowing, unsound methods of tax collection and wasteful purchasing procedures make an enormous difference. Managers usually plug these leaks.

A sound, efficient working force of dedicated men and women, free from political influence, is an asset to any city, and Hope

McClellan Slaps Contempt Charge on Labor 'Bully'

By ROBERT E. THOMPSON

WASHINGTON (INS) — Senate Rackets Committee Chairman John L. McClellan (D-Ark), ordered contempt of Congress action today against the alleged bully of a Scranton, Pa., labor violence squad.

McClellan instructed his staff to "prepare the necessary proceedings for contempt" against sandy-haired, banana-nosed Robert Hubbsman of the Teamsters Union.

Hubbsman, already under indictment in Scranton in connection with labor terrorism, invoked the Fifth Amendment in refusing to answer all questions. He stated only his name and address.

The contempt action grew out of Hubbsman's refusal to confirm or deny that he was convicted in 1954 for participating in the dynamiting of the Scranton home of Andre Ruby.

Earlier, William Munley, a Scranton truck driver convicted and jailed with Hubbsman for the dynamiting, denied that the union gave him orders to terrorize non-unionists.

Munley, a slightly-built, thin-faced teamsters union member, admitted that he used the names of some union business agents in a tape-recording he made about the crime.

But he claimed he did this to get Paul Bradshaw, another union member, "off my neck" and help patch things up between Bradshaw and Miss Helen Canfield, whom he identified as Bradshaw's "girl."

Miss Canfield, a pretty divorcee, was one of two women witnesses who preceded Munley. The other was Bradshaw's sister, Margaret Kelly. "That's all," howls Munley, "I don't want to go to jail for 'goons' resorted to violence and intimidation to tighten their hold on the Scranton area."

Miss Canfield, who talked at a fast clip and frequently threw the crowded hearing room into gales of laughter, said she masterminded the tape operation for Bradshaw, who claimed he took the dynamiting "rap" for his colleagues on a labor violence team.

Munley, who has served nine and one-half months in jail for selling off the dynamite, gave this account of why he made a tape recording that was at variance with his statement that he never discussed he crime with union officials:

By HAMILTON W. FARON
WASHINGTON (AP) — Four union leaders linked by testimony of a convicted dynamiter with alleged terrorism in the Scranton, Pa., area, go before the Senate Labor Rackets Committee today for questioning.

Committee aides said they would be asked about bombings, threats, beatings and truck sabotage, of which the committee heard vivid stories yesterday.

Robert Kennedy, committee counsel, said he hoped to question all the men accused in testimony by Paul Bradshaw, former Teamster official who testified he was double crossed after he had agreed to "take the rap" for a house bombing.

Names mentioned in Bradshaw's long day on the witness stand included:

Joseph Bartell, business agent of Carpenters Local 261, Scranton. Bradshaw said Bartell had given him orders that resulted in acts of violence to halt nonunionism.

"Our busiest season is around income tax time," said Lou, who prides himself he will advance a hard-pressed executive up to \$75,000 in cash in five minutes—if he can put up enough collateral. He explained many executives prefer to deal with pawnbrokers rather than banks because the transaction is so confidential—and fast.

"Many have an idea that a pawnbroker is a blood-sucking Shylock fattening at the expense of the poor," said Lou, and added wryly:

"Actually pawnbroking is a dying industry all across the country. For every new pawnbroker who opens a new shop, five go out of business. DURHAM N. C. (UP)—An engineer turned farmer and a former Marine who battled drought for six years have been honored as the nation's "outstanding young farmers."

Alex S. Curtis, 31, of Manila, Ark., and John F. Tufts, 31 of Route 1, Dallas, Tex., were honored Tuesday night at a banquet attended by 50 outstanding young farmers selected by Junior Chamber of Commerce chapters in every state, Hawaii and Alaska.

Two others named as the top four winners were Russel Mayer, 36, Milford, Utah, and Takeshi Kudo, 34 Kona Hawaii. The annual competition is sponsored by the U. S. Junior Chamber of Commerce and the committee on agriculture of the American Petroleum Institute.

Moves to Delay Showdown on Beck May Fail

By NORMAN WALKER
WASHINGTON (AP) Teamsters union moves to delay or talk their way out of a showdown on AFL-CIO corruption charges seemed likely today to run into a solid rebuff from the federation.

Sources in the parent federation said trial procedures already set for Dave Beck, Teamsters Union president, and the huge trucking union itself are fair and "leave no room for negotiation."

AFL-CIO President George Meany was out of the city and not immediately available for comment.

The embattled Teamsters' Executive Board, meeting in Galveston, Tex., yesterday, asked the AFL-CIO for negotiations as to charges against Beck and a bill of particulars to charges that the union itself is under corrupt domination. The board, contending the charges were not specific, said it would attend no hearings until "fundamentals of fair adjudication" are assured.

The AFL-CIO charges are based on Beck's invoking the Fifth Amendment in refusing to tell Senate racket investigators about his admitted personal use of union funds, and court indictments against other high officers of the union.

News Briefs

PINE BLUFF, (AP) — Police are hunting a man who, according to Harold Gunier, manager of a liquor store here, escaped with a companion in an automobile last night after robbing the store of \$445 at pistol point.

PIGGOTT, (AP) — John Gordon Lamp, 63, was injured fatally when he fell from a tree he was trimming outside his home here yesterday. He was pronounced dead on arrival at a Piggott hospital.

LITTLE ROCK (AP) — Alex L. Larson of Hot Springs has been installed as grand commander of the Knights Templar of Arkansas. The 85th convocation ended here yesterday.

SEARCHY, (AP) — Voters here have approved four bond issues totaling \$145,000. The issues, approved yesterday, are for expansion of the fire department, municipal airport and library and for construction of a community center.

LITTLE ROCK (AP) — A Little Rock grocer and his son said yesterday they will keep their store open next Sunday in defiance of court decisions. The Arkansas Supreme Court has upheld a lower court injunction against H. V. Hickinbotham, and his son, who has ruled that a city ordinance prohibiting Sunday business is constitutional.

ed to serve during the new year beginning in June. Chairman, Mrs. Carl Gaddis; Secretary, Mrs. Austin Post Jr.; Treasurer, Mrs. Austin Post Jr.; Local Treasurer, Mrs. Paul McClellan.

Mrs. Hinton Davis gave a very inspiring devotion entitled, "Service." Mrs. Martin Fox Jr. presented the program, "I Believe in Jesus Christ" in a very entertaining manner by acting as mistress of ceremonies of a panel Radio show. She was assisted by Mesdames Richard Young, Austin Post, Clifford Ellis and Sam Hucker.

Mrs. Reinhardt presented life memberships and pens to Miss Mary Anita Laseter, Mrs. Sam Hucker and Mrs. Syvelle Burke. She closed her brief explanation of the meaning of the hymn, "Blessed Master, I Have Promised." The program was highlighted by the worship center which was a lovely bouquet of white iris, two white lilies and a white open book.

The meeting closed with the circle benediction. The hostesses served dessert and coffee to 28 members and one guest, Mrs. Webb Laseter.

Formal initiation for Jayceette officers was held Tuesday evening in the main dining room of the Diamond Cafeteria with 54 present, including five couples from Magnolia.

Grady Burton, president of the Jaycees acted as master of ceremonies, and Mrs. Raymond Gilbert of Magnolia was the installing officer. The tables were most attractively decorated in the Easter theme and dinner music provided by Luther Hollamon.

Those from Magnolia were: Mr. and Mrs. Aubrey Galloway, Mr. and Mrs. Jack Rich, Mr. and Mrs. Raymond Gilbert, Mr. and Mrs. Bill Beasley and Mr. and Mrs. Jack Ballard.

Stone-Southern Exchange Vows in Dallas, Texas

Miss Norma Jean Southern of Houston, Texas daughter of Mr. and Mrs. Silas Edward Southern Sr. 4943 Clear Creek, was united in marriage Saturday, April 13, with Richard Dwin Stone, a student at Rice Institute and son of Mr. and Mrs. Carey Stone of Navasota.

Paul Southern, uncle of the bride, performed the ceremony in Trinity Heights Church of Christ following music by the acappella chorus with solos by Miss Lanelle Barnett of Houston, Paul Southern Jr. and Don Hill.

Mrs. Kenneth Rogers of Abilene was matron of honor and James Stone, brother of the bridegroom, of Navasota was best man.

When the bride entered the church with her father she was wearing a gown of beau de soie and Alencon lace designed with a portrait neckline appliqued with lace encrusted with seed pearls and sequins. The skirt swept into a formal length train and was enhanced with appliques of the lace.

Her illusion veil extended from a crown of matching lace sprinkled with seed pearls and she carried a white rose cascade bouquet.

Bridesmaids were Miss Gerry Stone, sister of the bridegroom of Navasota, Miss Jeanne Irvin of Houston and Miss Beverly Durnal, Miss Carolyn Wamble of Houston and Mrs. Robert Malone lighted candles. Junior bridesmaid was Sandra Stone, sister of the bridegroom.

Serving as groomsmen were Roy Charles Ortolon of Edna, Gene Sommers of Harlingen, Bill Newbill of LaPorte and Edward Southern. Ronald Christenson of Houston and Paul Southern Jr., seated guests.

Jenny Rhodes of Hope was flower girl.

DOROTHY DIX

You Want to Earn — Not Contribute!

Dear Dorothy Dix: I saw very well, and am anxious to put my talent to work for my family. Four growing children have so many needs that it's impossible to keep up with them on one income. I have answered several ads offering work to be done at home, but they always turn out to be a proposition whereby I send money in return for material or information that's absolutely useless. Can you suggest some way to deal effectively with this sort of dishonest advertising, and have you any ideas how I can earn extra money?

Dear Sophia: A woman who can sew can always earn extra money. Some homemakers are simply not adept with a needle, and many a busy mother would be glad to pay for a few hours help with the never-ending mending basket.

Advertise your talents. Run an ad in the local paper, use the journals that are always being put out by local charities. If your children's school or Sunday School is putting on a play, ask permission to give each child a notice to the effect that you can make the costumes. I have loads of other suggestions, which I'll gladly send on receipt of a self-addressed stamped envelope. Ask for "Ways To Make Money At Home," and address your request to me, in care of this newspaper.

As for advertisers, don't ever send money if you're looking for work. After all, you want to earn money, not contribute it. If you've been unfairly dealt with, write a letter of complaint to the magazine or newspaper in which you saw the ad. You'll be doing other women, and the advertising medium, a service.

Dear Dorothy Dix: Clark is a very nice boy, terribly good looking, with one fault. He loves to talk, but continuously, about himself. It is boring, monotonous, and embarrassing. I'm not particularly

er girl.

The reception was held in the home of the bride's parents. Assisting were Mrs. J. E. Bain of Los Angeles, Mrs. Joe Newbill of LaPorte, Mrs. Billie Stone of Corpus Christi, Miss Claudine Washburn of Houston, Miss Glenda Ortolon of Enna and Minos, Paul Southern Jr., Charles Pierce, James Graham, Glenn Wamble, Ray Scott and Gilbert McCleskey. The bride is a graduate of Abilene Christian College where she was named a school beauty and band sweetheart. Her husband is a member of the football and track teams at Rice Institute and the "B" Association. The couple will live in Houston.

Those attending from Hope were: Mr. and Mrs. J. A. Collier Sr., Mr. and Mrs. A. J. Rhodes and children Jenny and Gary, Mrs. Kathlene Deloney and daughter, Brenda, Mr. and Mrs. Harrell H. Collier, Mr. and Mrs. James A. Collier Jr. and children, Cynthia and Terry and Mrs. Gilbert Tuller. The bridegroom is the grandson of Mr. and Mrs. J. A. Collier Sr.

7 Last Words of Christ

Friday night, Good Friday, the seven last words of Christ will be explained in seven five minute sermons, delivered by six of Hope's Ordained ministers and one lay minister.

The services will be held at the BeBee C. M. E. church at 7:30 p. m.

The speakers will be as follows: Rev. M. J. Johnson, Father, forgive them; for they know not what they do. Rev. C. S. Stearns, "To Day shall thou be with me in paradise." Rev. C. S. Briggs, "My God, My God, why hast thou forsaken me." Rev. Ben Carter, "Woman, behold thy son." Rev. L. A. Clark, "Behold, thy mother." Mrs. Mattie Sanders a lay member of the BeBee church will speak on the expression "I thirst," and Rev. H. S. Spearman will deliver the last of the five minute sermons with "It is finished." Easter music for the occasion will be furnished by several choirs.

Revival Closes Tonight

Revival services at the BeBee C. M. E. Church will close tonight with the Rev. L. P. Harris preaching on the subject "The Prodigal Son."

Musial Perfect at Bat as Cards Tag Redlegs

By ED WILKS
Of The Associated Press

The 1957 major league season is barely 24 hours old on a full-fledged basis, yet everything looks to be falling into the predicted pattern.

St. Louis (The Man) Musial wasn't kidding when he said he was shooting for his seventh National League batting title. He was 4-for-4 as the St. Louis Cardinals, picked as the "most improved club," tagged the Cincinnati Redlegs 13-4 in yesterday's opener.

2. The Milwaukee Braves, out to show they can do the job and generally conceded as having the best pitching staff in the league, came from behind to beat the Chicago Cubs 4-1 pitching.

3. Tom Morgan, insisting all along he was a starting pitcher and not a reliever, made his first start since July 4, 1955, went all the way and beat Detroit 2-1 with a four-hitter for the Kansas City Athletics as an escapee from the New York Yankee bullpen.

4. Newcomer Gino Cimoli, described in the spring by Manager Walt Alston as "one guy who has to be in the lineup," belted a 12th-inning home run to give the Brooklyn Dodgers a 7-6 decision over the Philadelphia Phillies in the lone night game.

In other National League action, the Pittsburgh Pirates needed an eight-game jinx by defeating southpaw Johnny Antonelli and the New York Giants 9-2.

In the American, the Chicago White Sox and Bill Pierce outlasted Cleveland Indians and Herb Score 3-2 in 11 innings; the New York Yankees broke up a tie in the ninth to defeat the Washington Senators and Chuck Stobbs 2-1, and Boston's Red Sox packed their punch into an inning to end Baltimore's stay in first place 4-2.

Musial, the 35-year-old lefty swinger who wants to hit .340 — his lifetime average — this season, doubled twice to lead the 17th Cardinal attack. Herm Wehner spiked the Redlegs' big guns, permitting only four extra-base hits. "Rookie Bobby Gane, Smith homered with two on and Wally Moon socked a three-run shot for the Cards. Johnny Klippstein lost it.

Spahn set down the last 14 men he faced after losing Bob Rush's RBI double in the fifth. Johnny Logan capped the Braves' winning four-four sixth with a two-run homer.

Cimoli, who had three hits in six trips while opening in left field for the Braves, delivered his pay-off homer against Robin Roberts, the gopher ball champ. Don Zimmer, at short in place of ailing Pee Wee Reese and Gil Hodges also homered to r the Dodgers. Don Newcombe was the starter but crew-cut Clem Labine was the winner with four innings of two-hit relief.

The Pirates managed just three hits off Antonelli, but his own bobble of a bunt led to two fifth-inning runs and their first decision over the left ace since 1955. The Bugs wrapped it up for right-hander Bob Friend wix runs in the eighth — only one of them earned — against reliever Marv Grisom.

Boxer Claims 'He Took Rap' at Scranton

WASHINGTON (INS) — A former prizefighter, who said he "took the rap" in a dynamiting job, testified today that Mayor James T. Hanlon of Scranton, Pa., urged him to "wait until after the election" before telling his story.

Paul Bradshaw, a heavy-set, 36-year-old dump truck driver, told the Senate Rackets Committee that he was double-crossed by "the boys" in his union who had promised to protect him on the dynamiting charges.

He said his testimony today was his first public disclosure that the Scranton mayor had talked to him about the dynamiting. He did not say what "election" he was referring to and did not amplify on the matter.

Bradshaw said he was "convicted of doing the actual dynamiting which I didn't do." He said: "I was with them and I was told that if I took the rap and kept quiet, I would be taken care of."

The committee did not go into detail as to what was dynamited but it was understood to have been a house. Bradshaw said he has not served any time for his conviction because "I am waiting sentence."

He "kept quiet 13 months, he said as added: "I wasn't taken care of—I borrowed money from every finance company in Scranton and had high grocery bills unpaid."

Montreal Is Winner of Hockey Title

MONTREAL (AP)—The 1957 Stanley Cup final passed today into hockey history, the last chapter rebordering on blood-lined pages Montreal Canadiens' victory over the Boston Bruins.

The most savagely fought game of the series—a game that had its highlights of fighting, brawling, slashing and almost everything in the book—turned out to be a comparatively easy 5-1 win last night for the hard-hitting Montrealers.

The Canadiens jumped into the lead, increased it to a comparatively safe margin and finished off the best-of-seven series with a 4-1 margin. Over the five-game distance they outscored the Bruins 18-6.

The underdog Bruins, hopeful after a win Sunday in Boston, ran in to the heaviest bumping and checking.

The five Montreal goals were scored by as many players—Andre Pronovost, Dickie Moore, Bernie (Boom Boom) Geoffrion, Don Marshall and Floyd Curry. Boston's lone goal was scored by scrappy Leo Labine.

ELECTED

MEMPHIS (AP)—R. B. Crawford of Dell, Ark., yesterday was elected president of the Mississippi Valley Interior Cotton Compress and Votlon Warehouse Association. Crawford succeeded C. G. Dowles of Homer, La.

bosses who employed strong-arm tactics against their opponents.

At an election in 1954 he testified, he and other union members voted "six or seven" times to assure the continued tenure of Local 229 President J. C. "Pinkie" Hart and Business Agent Robert Malory.

Committee Counsel Robert F. Kennedy told newsmen as the investigators recessed for lunch that he did not know whether Hanlon will be called to testify.

Bradshaw said he finally took his story of the dynamiting to a newspaperman, Harold Brislum of the Scranton Tribune, and together they went to the district attorney.

Webb Favored in Tonight's Fight

CHICAGO (AP)—Spider Webb of Chicago, No. 3 middleweight contender, will be under orders to try for a knockout tonight in aiming for his 20th straight victory against Randy Sandy.

Webb is a 2-1 favorite in the nationally televised (9 p. m. CST, ABC) 10-round bout at Chicago Stadium and may get an early summer crack at the crown if he wins.

Webb, who like Sandy, is 25 years old, has lost only one in 22 pro starts after a fine amateur career that included winning the NCAA 136-pound championship while at Idaho State College and representing the U. S. on the 1952 Olympic boxing team at Helsinki. His lone defeat came in 1953 in a six-rounder with Red Elby, now retired.

Newcombe Wanted to Sock Writer

PHILADELPHIA (AP)—Cohort of Don Newcombe, the big righthander who won 27 games for the Brooklyn Dodgers last season, got into an argument with sportswriter Roscoe McGowan of the New York Times before last night's game with the Philadelphia Phillies.

Newk, accused of failing to win "the big ones" against the New York Yankees in the World Series, challenged McGowan for a story he had written suggesting Newcombe may have an inferiority complex since he failed to pitch against the world champions in the spring exhibitions.

The discussion took place at the batting cage Manager Walt Alston happened to walk

past and Newcombe asked the skipper "was I purposely kept out of the Yankee games?" Alston replied, "no, add kept walking."

Newk then said to McGowan: "If you were so old, I'd do something about it." Newk is 30, weighs 230 and stands 6-4. Roscoe is 7-1.

Corn Belt's Poultry Service School Well Attended

Only male crickets will "sing" a song. Mrs. Cricket won't chirp. A whale shark may measure from 45 to 60 feet long.

Last week feed salesmen, dealers, servicemen and poultrymen attended Corn Belt Hatchery's poultry service school here which was conducted by Dr. Wade Smith of Hy-Line Poultry Farms of Des Moines, Iowa. The school, sponsored by Corn Belt of Arkansas attracted poultrymen from all sections of Arkansas, East Texas and Illinois. Attendees were served charcoal broiled chicken from the Corn Belt Demonstration Farm at Blevins.

Cold Damage in Arkansas Is Moderate

LITTLE ROCK (AP)—A large portion of Arkansas' apple and grape crops in northwest Arkansas was severely damaged by the freeze last weekend, the Crop Reporting Service said today.

Miles McPeck, agricultural statistician, said freeze damage to peaches in the Clarksville area apparently was "only moderate." Strawberry harvest in north Arkansas will be delayed as a result of the freeze, he said, but the strawberry producing areas of Bald Knob and De Queen were not affected greatly.

The freeze also retarded hay crops and pastures in northern counties, McPeck said.

Only limited cotton planting is expected before April 25 although a few scattered fields have been planted.

No rice has been seeded but

some will be seeded this week in Arkansas County, he said.

90,000 Pieces of Mail in IRS Office

LITTLE ROCK (AP)—About 90,000 pieces of mail were piled up in Internal Revenue Service offices here today in the wake of last midnight's deadline for filing federal income tax returns.

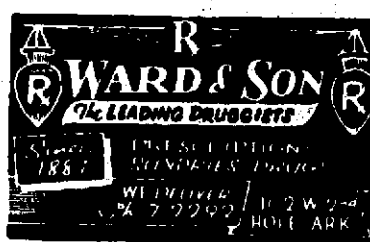

District IRS Director Olin S. Godwin said the office received 42,000 pieces of mail yesterday and another 60,000 today. Twenty-five employees were assigned to open mail yesterday and another crew of 15 was added today, Godwin said.

A new age of automobiles begins with this car

Touch a button—in less than a minute the steel top disappears magically into the trunk—and you're in a supremely elegant convertible. It's two cars in one!

Here Today! The FORD SKYLINER—world's only Hide-Away hardtop

Once in a long, long while a car comes along that people remember and talk about for years after its introduction.

The first model "A" Ford was such a car...

The first Ford V-8 was such a car...

The first Ford Thunderbird was such a car.

Today Ford Division is proud to announce still another car that many say is destined to become the most famous Ford of all: The Skyliner—world's only hide-away hardtop.

If you plan to buy a new Ford, or already own one, the fact that Ford created this car is important to you. For all the exhaustive research, planning and testing that went into the Skyliner is evidence of the engineering skill you get in every Ford model.

The Ford SKYLINER, the only all-steel hide-away hardtop, is a car for history.

This is an old dream of Detroit, a dream of two generations of motorists.

And today Ford has made that dream come true—in steel.

But the story behind this dream is a story of men who refused to accept "no" for an answer. In the Ford tradition they kept striving toward the goal long after others had given up the chase.

To understand this Ford spirit you must go back to 1909. That was the year when many Detroiters smiled smugly as Henry Ford announced, "We will build a motor car for the great multitude... so low in price that no man making a good salary will be unable to own one."

And they did.

Today, nearly a half century later, Ford continues to cause the "experts" to change their tune. When you see this all-steel hardtop that retracts

into a convertible, you'll be seeing a car that many said would never be mass-produced.

But Ford did it.

The styling group was first to work on it. They experimented. They improvised. They worked unceasingly. Finally they completed a power-operated three-eighths scale model that actually would convert.

It was December 1956—after eight years of research, planning, experimenting and testing—when Ford unveiled this masterpiece... unveiled it amid all the pomp and splendor of the New York Automobile Show.

And now this history-making car, this prototype

of a whole future generation of cars, is ready for your own personal inspection in the showrooms of many Ford Dealers.

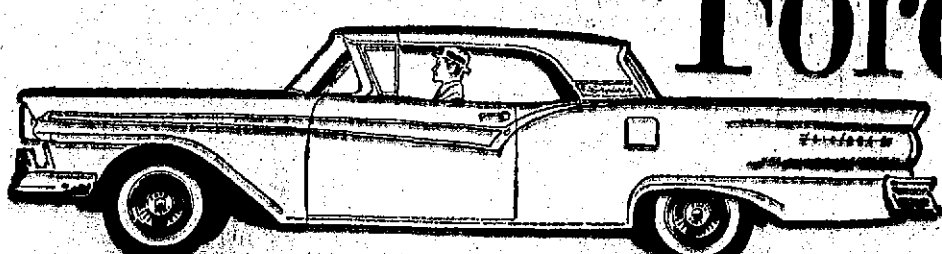

Plan to see it soon. And ask your Dealer to show you the exciting advances in all models of the new Ford line for '57.

In creating the Skyliner, the world's only all-steel hide-away hardtop, Ford continues its tradition of being first with the important innovations. Come in and see this newest example of Ford's leadership. Let us give you the exciting details on this revolutionary car—and the other great '57 Ford models. Discover for yourself the things you get in Ford that no other car can offer. Discover for yourself why the '57 Ford leads all other cars in sales.
